Welcome to Barclays Code Playground

Barclays are extremely excited to announce that will be bringing Code playground to Salford on **Saturday the 25th of April.** Code playground sessions are aimed at children and young people aged between 7-17 they will be taught how to code in a fun and relaxed environment. The event will be hosted at The Landing, Blue Tower, Media City, Salford, M50 2EQ and there will be 3 sessions running throughout the day for you to choose from:

- ✓ 10:00am -12:00pm
- ✓ 12:30pm -14:30pm
- ✓ 15:00pm -17:00pm

Sessions will be available for you to book onto via our Code Playground website – Just simply type in your Post code and this event will show up. Once you have booked on you will receive a confirmation email giving you more detail about your chosen event.

You will need to accompany your children to the session and also bring a laptop with http://scratch.mit.edu/scratch_1.4/ pre-downloaded, if you do not have a laptop you can alternatively bring an iPad and download an app called - PYONKEE prior to attending.

This will ensure that the children can really make the most of their time in the Code Playground coding rather than waiting for the programme to download. If you have any queries or require a laptop please don't hesitate to contact me Mayte.Hough@Barclays.com
