

Mission Statement

This policy is carried out within the context and spirit of the school's vision for excellence. It supports and reinforces the aims of Buile Hill Visual Arts College, valuing all students equally and as individuals. All staff work together to create a happy, challenging, stimulating and caring environment in which students can enjoy their time at school and celebrate their achievement.

The school strives to build a community which encourages all its members to develop a healthy respect for each other. In addition, we provide an environment where there are opportunities for all, encouragement and stimuli to develop each student to their full potential.

This policy relates to the whole life of the school and its role in promoting spiritual, moral, social and cultural development (SMSC) by the example set by adults in the school and the quality of relationships they espouse.

1. Spiritual Development

Aim

This area relates to the beliefs, feelings and emotions through which students acquire worthwhile insights into their own lives. All areas of the curriculum may contribute to spiritual development. Although education and spiritual development are not synonymous, school experiences can make a significant contribution to spiritual development.

Objectives

At Buile Hill the students will be provided with opportunities to develop their spiritual understanding by experiencing a curriculum which will:

- Develop their self-esteem, self-knowledge and belief in themselves;
- Allow them to develop a range of personal values and beliefs based on a sense of curiosity and respect towards their own and other beliefs;
- Explore the spiritual values of others through stories, drama, music, art and religious education to name just a few;
- Allow them to express themselves in a variety of ways and give them time to reflect on their own experiences;
- Allow them to understand, express, use and control feelings and emotions as well as encouraging empathy in terms of relationships with others;

At Buile Hill this is delivered through:

- A Religious study programme which develops self-esteem and knowledge and an ability to reflect on and develop individuals' own spiritual values;
- A PSHE programme which utilises tutoring to involve all years in opportunities for themed discussion, reading (both fiction and non-fiction) and competitive quizzes to encourage learning and develop an awareness of core values as soon as students arrive;
- An assembly programme to address the spiritual aspect of quiet and reflection – in particular using past and present role models from the world and encouraging community participation;
- A student support structure that is focused on learning and providing appropriate information advice and guidance for students as well as opportunities to explore pathways of development;
- Educational enrichment trips, creative partnerships and visiting speakers provide students with a range of experiences, which may promote a sense of awe and wonder about the world;
- A reflective approach to learning through formative assessment techniques – students having ownership and understanding of where they are, where they need to get to and how they are to do it;
- A rewards system developing student self-esteem through certificates, postcards home, merit stamps and awards at all levels;
- Displays of student work bring a sense of pride in the work students produce and therefore a sense of expressing the talents of the individual;
- The use of school council to involve students in the life of the school. For example, student council members who developed the Fort Pitt brand word cloud, displayed around the school.
- The use of weekly form time discussions based on current affairs allowing students to see the 'awe and wonder' of the world around them and the incredible events which take place
