

Buile Hill Visual Arts College Exam Results 2014

Our 2014 GCSE results were 48% achieving 5+ A-C grades, including English and Mathematics - results that despite a drop nationally in most schools will place us in the top 20% of similar schools.

We are also very proud of our levels of progress as nationally levels of progress have decreased for English and Mathematics, however our levels of progress in both these areas have increased.

School Deprivation Indicator - This chart shows that when compared to results produced nationally, our children come from some of the most deprived wards in the country.

Prior Attainment indicator - This chart shows that our children start secondary school with attainment significantly behind other children nationally.
